Harry's Story...

The Harry Ramsden's story started small, but with big ambitions, in 1928 when his first takeaway outlet opened in a hut in Guiseley, Yorkshire.

His top quality fish and chips brought customers visiting from all over. He soon needed bigger premises to accommodate them all, duly building a new restaurant in 1931, with stylish décor modelled on the Ritz.

On its 21st birthday in 1952, a world record 10,000 people were served fish & chips.

Harry Ramsden's is now famous as the biggest fish and chip shop brand in the world. The man himself was a stickler for quality, and today we're committed to maintaining his impeccable standards, providing affordable fish and chips and working with suppliers using responsible fishing practices.

All dishes subject to availability. We only fry in 100% blended vegetable oil. Our products do not contain nuts as an ingredient; however there is always the possibility that traces of nuts may be found in our products.
